

Garden of Remembrance Blooms with Vibrant Spring Colors

In spring, drifts of narcissus brighten the landscape at the Garden of Remembrance.

The sun's rays are shining a little brighter with each passing day. The sky is turning a deep blue. The birds' sweet chirping is music to the winter-weary. Spring has arrived at the Garden of Remembrance where thousands of trees, shrubs and flowers will soon be bursting with the vibrant colors of the season.

Visit and take in the beauty of the present while you honor the memory of the past. Stroll along paved walkways lined with maturing trees. Stop and rest for a moment at a comfortable bench near a garden bed. And experience the serenity of a quiet countryside setting.

This spring, we invite you to plant the seeds of a new tradition for your family and community. Make the Garden of Remembrance the place where you and your family remember your loved ones for generations to come.

We encourage you to tour the grounds of the Memorial Park, open Monday through Friday from 8:00 a.m. to 5:00 p.m. and Sunday between 10:00 a.m. and 4:00 p.m. If you'd like to visit at another time, or wish to meet with a counselor, simply call to make arrangements.
